Re: Request under the FOIA, in reply please refer to Archive # 20050014DOD005

Dear Mr. Aaron,

Pursuant to the Freedom of Information Act (FOIA), I hereby request copies of the following:

All documents pertaining in whole or in part to Foreign Military Training Manuals evaluations, as referenced in the attached March 10, 1997 memo signed by Nicholas T. Lutsch that was found responsive to FOIA request number 05-0074R (05-F-0410).

If you regard any of these documents as potentially exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. To permit me to reach an intelligent and informed decision whether or not to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims.

The National Security Archive qualifies for waiver of search and review fees as a representative of the news media. This request is made as part of a scholarly and news research project and not for commercial use. For details on the Archive's research and publication activities, please see our Web site at the address above. Please notify me before incurring photocopying costs over \$100.

If you have any questions regarding the identity of this record, its location, the scope of the request or any other matters, please call Barbara Elias at [REDACTED] or e-mail [REDACTED]. I look forward to receiving your response.

Sincerely,

  
for Thomas S. Blanton

MEMORANDUM FOR ASSISTANT INSPECTOR GENERAL FOR POLICY & OVERSIGHT

SUBJECT: Documents Pertaining to the "Foreign Military Training Manuals" Evaluation, such as the School of the Americas Manuals

After consulting with our liaison appraisal officer at the National Archives and Records Administration (NARA), the OIG Records Administrator was informed that the documents gathered or generated on the Foreign Military Training Manuals evaluation (such as the School of the Americas Manuals) will potentially be assigned a retention category of "permanent."

The documents should be identified as Foreign Military Training Manuals evaluation related and segregated from other evaluations.

Upon closing the case, the NARA will evaluate the records to determine their permanent value. No document, file or record pertaining to the Foreign Military Training Manuals evaluation may be destroyed until further notification from the Records Administrator in coordination with NARA.

Any questions should be directed to [REDACTED] at 604-[REDACTED]

I want to follow up per our conversation of this morning. We received a FOIA request for subject reference above for "All documents pertaining in whole or in part to Foreign Military Training Manuals evaluations, as referenced in the attached March 1997 memo signed by Nicholas T. Lutsch that was found responsive to FOIA request number 05-0074R (05-F-410)."

[REDACTED] has provided a negative response for ALSD. However, in the referenced letter it states that the record are "permanent. Before we send a "no records" response, could you please check again with Records Management to see if there are any records responsive to this FOIA request?

[REDACTED] I spoke to [REDACTED] of the Office of Intel and Review about these files because I thought that his office would generate files such as the files mentioned below. He informed me that his office would be the only office that would have these files. Please submit the request for these files to his office in order for them to recall them from the Records Center if they have not been transferred to the archives.
